Dear Fran,

Thank you for your recent request to use the Norgine Bristol Stool Form Scale ("the Copyrighted Material"). We are, in principle, happy for you to use our visual as long as the following criteria are met:

1. The following text should appear at the bottom of the stool chart:

Reproduced with kind permission of Dr KW Heaton, formerly Reader in Medicine at the University of Bristol. ©2000 produced by Norgine Pharmaceuticals Limited.

2. I need to see the final proof of your piece of work, before it is prepared for publication. If approved, I will then issue written permission and conditions of use for the Copyrighted Material.
3. To ensure a good quality picture, I have attached the Bristol Stool Chart as a pdf file.

The above will ensure that the Bristol Stool Form Scale continues to be accepted as the gold standard for the education of health professionals and patients and management of bowel movements.

If you have any further queries, please don't hesitate to call me and I look forward to hearing from you soon.

Yours sincerely,

Michelle Cook
